- Law and Ambulance Staff
- Major Incidents

Delivery

Pre-course support will be available through our e-learning support site at www.flrtraining.co.uk, where you will have access to a range of supporting materials including; Power Points, Videos, Quizzes and PDF handouts. This resource will form part of your course portfolio and will be used throughout the course to demonstrate competency and understanding of units delivered.

Course Structure

- Pre-course e-learning / self study
- 3 weeks classroom based theory (MOD D)
- 2 weeks classroom based learning (MOD E)
- 1 week classroom based learning (MOD F)
- 750 hours clinical placement

on successful completion of this phase recognition for completion of modules D/E/F will be awarded.

Candidates will then be required to complete 750 hours of clinical placements to complete their portfolio. At this point learners will be awarded the full qualification

Certification

On completion of the course, you will be awarded with:

BTEC Level 3 Ambulance Aid
